Kimberly

On the definition issue. I agree there is not much to say.

I would respond by saying that we know it is an issue and there are many options at this time. It is an agency level priority and we are working on a unified definition but do not have one as of yet. I would not go much further than that at this point.

Just wondering what others think?

Jeff

Jeff, I know you're out compressed on Friday. What can we say about the definition? I'm thinking we don't have much. Also, Mike, if you're able to have the conversation with Hayley by Friday, maybe we bring in OPS for the communication outreach portion of the conversation.

Thoughts?

Hi, Kimberly!

Here are the things we had flagged to discuss on Friday. Please feel free to add anything you all would like to raise!

1. Update on technical/scientific work group (Basu to lead),
2. Checking in on communications outreach (Reardon to lead), and
3. Update on work on defining PFAS (OPP to lead).

Thanks,
Megan

I wanted to follow-up to see if we could get a regular, every-other-week meeting on the calendars. It would be the same list of attendees on our side.

Thanks!
